

Melike Demir

Software Engineering Student

Hello, I am Melike; I am a 3rd year student studying software engineering at Çankaya University. My interest and curiosity in the software world constantly leads me to learn new things. Thanks to my analytical thinking ability and tendency to teamwork, I am successful in finding solutions to complex problems. With the desire to constantly improve myself, I closely follow innovations in information technologies and am willing to produce creative solutions. My goal is to step into a successful career in the software field. I took part in IEEE, GDSC and HaySev school clubs. I am successful and harmonious in team work.

SKILLS

- ★ Swift
- ★ Java
- ★ C
- ★ R
- ★ Python
- ★ C#
- ★ HTML
- ★ CSS
- ★ Unity

LANGUAGES

- ★ Good Level English
- ★ Beginner Level German

ACADEMIC INFORMATION

- Data structures in Java
- Algorithms
- Computituonal Thinking
- Software Design
- Probability and Statistics with R
- Software Requirement Analysis
- Introduction to Game Development

ACADEMIC

2021 - 2026 **Cankaya University**
Software Engineering
Bachelor's Degree

CERTIFICATIONS

- Meta - Introduction to Frontend development
- Geleceği kodluyoruz - IEE Computer Society / LST
- Turkcell Geleceği Yazanlar - Swift ile Programlama

EXPERIENCES

07.2024 **Simtek Simulation Technologies**
08.2024 Software Engineering
Internship
